Orange County California Chapter

The solution to adult problems tomorrow depends on large measure upon the how our children grow up today. There is no greater insight into the future than recognizing when we save our children, we save ourselves. —●□□□□□□□□◆*

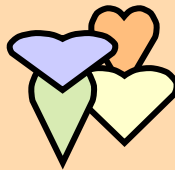

Heart Gallery OC

The mission of Heart Gallery OC is to inspire Southern Californians who otherwise would never see themselves as potential Adoptive and Foster parents.

Heart Gallery is a new strategy in an effort to find homes for children in our public-welfare system. Local photographers donate their time and talent by creating museum-quality portraits spotlighting these children as part of a traveling exhibit throughout Orange County.

Heart Gallery OC is an organization made up of volunteers in your community who have devoted their time, energy and resources for the love of children. HGOC works closely with Orange County Children's Services to assist in finding permanent homes for children who need and deserve them.
